Interaction between FAR's representative, Forum Auditum's management representative and guests

Managing guests at Villa Forum Auditum will require extensive email interaction between FAR's representative, currently Anders Ringdahl and Forum Auditum's management representative, currently Frank Sore. This interaction will include the many aspects and experiences of dealing with guests at Villa Forum Auditum.

Booking accepted

Frank has access to information about the number and status of visitors via our website. Only accepted bookings are shown on the page Frank can access.

Arrival

The group leader or a single visitor should contact Frank via SMS and send the time of the departure by ferry from Supetar. If possible, Frank will answer via SMS and will arrange transportation to Villa Forum Auditum if needed.

Frank will do his best to meet incoming visitors in the harbour or at the house. If this is not possible the visitors will find a key in the electrical box, under the blue sign, to the left of the front door.

Frank will provide up to three keys to the entrance doors. Each key allows entrance to both the lower and upper doors.

Please observe that Frank must register all visitors at the tourist bureau in Sutivan. For this reason he will need access to all passports or copies of the passports.

Departure

The keys are stored in the key box to the left of the entrance door. The group leader must insure that all the keys are returned to the key box (or again one in the electrical box by the front door). The responsible person will be charged 5000 HRK per missing key.

Frank is a very service minded person but he is not responsible for driving you to and from the ferry terminal. It is up to Frank to decide if he will offer you this service. I am sure you will find the best solution.
